Content

List of abbreviations

Chapter 1 - General introduction

1.1 Introduction

1.2 Research objectives

1.3 Outline of the thesis

1.4 References

Chapter 2 - Model to predict the information gain of specific monitoring and inspection strategies in pork chains

2.1 Abstract

2.2 Introduction

2.3 Material and method

2.3.1 Southeast Bavarian Pork Value Chain and its information and communication structure

2.3.2 Definition of levels of a continuous improvement process model

2.3.3 Definition of the score model to estimate the value of information for the continuous improvement process

2.4 Results

2.4.1 Three shells continuous improvement process model

2.4.2 Score model to estimate the value of information for a continuous improvement process

2.4.3 Comparing information gain of on farm and slaughterhouse monitoring and inspection strategy

2.5 Discussion

2.6 Conclusion

2.7 References

Chapter 3 - Insights into key performance indicators of pork production through analyzing blood sampled at slaughter

3.1 Abstract

3.2 Introduction
