## Contents

1 Introduction 1

2 Background 5

2.1 Downscaling of Climate Data 5
2.1.1 Dynamical Downscaling 7
2.1.2 Statistical Downscaling 9
2.2 East Asia and its Climate 10
2.2.1 East Asian Summer Monsoon 10
2.2.2 East Asian Winter Monsoon 13
2.3 Statistical Methods 15
2.3.1 Parametric Modeling 15
2.3.2 Model Verification 20
2.3.3 Analytic Tools 24

3 Dynamical Downscaling 29
3.1 RCM Simulations 29
3.2 Added Value 32
3.3 Additional Analysis 33

4 Statistical Downscaling 39
4.1 Preliminary Analysis 40
4.2 Pattern-based Downscaling 42

5 Conclusions 45

Bibliography 49

A Regional dynamical downscaling with CCLM over East Asia 59

B Generation and transfer of internal variability in a regional climate model 93

C Pattern-based statistical downscaling of EASM precipitation 109
